

# The CaReMe-0 Experience 2024

Thank you for being part of CaReMe-0 2024!

The inaugural CaReMe-0 Conference was a resounding success! Hundreds of healthcare professionals from around the world gathered in Barcelona, marking the start of a transformative movement in cardiovascular, renal, metabolic, and obesity care. Together, we set the stage for a new era of collaborative, multidisciplinary approaches to improve patient outcomes.

## Hear from our speakers

The inaugural Cardiovascular, Renal, Metabolic, and Obesity Conference (CaReMe-0 2024) brought together primary care physicians, experts, and specialists to address the growing convergence of obesity, diabetes, renal, and cardiovascular diseases. As THE premier event for tackling these interconnected health challenges, CaReMe-0 2024 focused on

reinforcing the pivotal role of primary care physicians in patient management.

Watch the videos below to get a sneak peek of our speakers' presentations, their reasons why you should attend, key objectives, and much more.

I'm delighted to attend [Cardiovascular, Renal, Metabolic and Obesity Conference](#) virtually over the weekend!

It was an incredible opportunity to connect and learn from an array of talented speakers, all from the comfort of my own home. 🙌

The presentations were absolutely captivating, and I found myself immersed in the knowledge and insights shared by the diverse lineup of speakers.

Each speaker brought a unique perspective, and I was truly inspired by their expertise and passion. 🎤💡

I really enjoyed the presentations of

Prof.[Per-Henrik Groop](#)

Prof.[Mikhail Kosiborod](#)

Prof.[Ana Cebrian](#)

What made the experience even more enjoyable was the seamless virtual attendance. The organizers did a fantastic job of creating an engaging and interactive platform, allowing us to participate in discussions, ask questions, and network with other attendees. It felt like I was right there in the conference hall, despite being miles away! 🌐💻
